

Securing wells for more than 90 years.

Specification Sheet

Type MT Oil Saver

Key Features

- Largest bore available allows swabbing tools to pass through easily.
- Large packing improves wear resistance and eliminates the need for a tandem stripper.
- Unique packing design creates even pressure on the wire eliminating the need for dual rubbers.

Key Rubber Properties

Temperature Range	Rubber Material
-40 to 180°F	45-Duro Natsyn
